[1](#)1. (SBU) Australia is a strong partner with the U.S. and the multilateral community in working to prevent nuclear proliferation. As an NPT signatory, the GOA takes a multi-dimensional approach to nuclear non-proliferation and disarmament. The GOA is a major supporter of the Nuclear Non-Proliferation Treaty (NPT) and has worked to strengthen it in every aspect - disarmament, non-proliferation and the peaceful use of nuclear energy. The GOA has consistently stated that Iran must live up to its obligations under the NPT and cooperate fully with International Atomic Energy Agency and UN Security Council resolutions. The GOA has consistently called on the remaining states not party to the Treaty - India, Israel and Pakistan - to accede without preconditions.
